Memo from the Editors:

With the erection of the horse bequeathed to Roslyn High School by Clarence Mackey last spring, an outstanding feature has been added to our school. Its presence brings back the rich legends of the past. Therefore, we have developed the theme of the Harbor Hill Light around this majestic symbol of Roman and Greek mythology.

What student has not marveled at the Battle of Troy and its famous Trojan horse, or wondered at Cyclops, the one-eyed monster, or shared Jason's hunt for the golded fleece? Each age has its myths, interlacing imagination and realization to commemorate both the commonplace and the bizarre experiences of life itself.

The Class of 1960, too, has left behind its record of experiences. Out of the crucible of its life at Roslyn High will come, perhaps, additions to the intangibles of every school—new twists to old stories, new myths of its own particular heroes and buffoons whose exploits have been faithfully noted in the 1960 Harbor Hill Light.

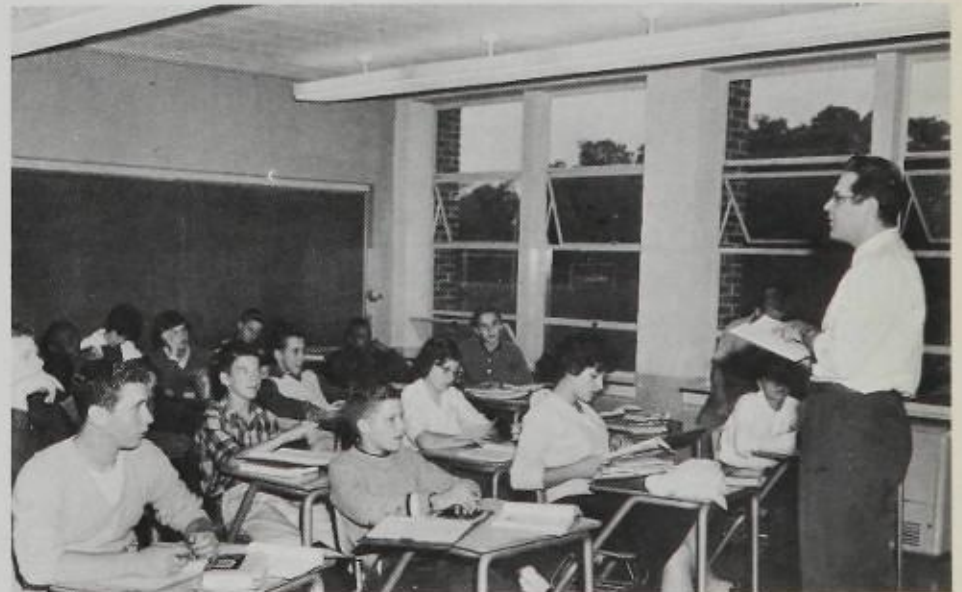

Janet Allan and Frances Andresen

DEDICATION

Here is a man who exemplifies the ideal teacher. He knows his subject well, and through wisdom and understanding shares its substance with his students. Therefore, the Class of 1960 wishes to show its appreciation to this highly esteemed teacher by means of this dedication.

The tension, which arises because of the oncoming math regents, is dispelled by Mr. Brull's thorough preparation. When difficult homework problems appear, Mr. Brull announces "hero time" for those who are brave enough to solve them. This cheerful and earnest presentation of material instills in the students a desire to learn. Therefore, the Class of 1960 hopes that Mr. Brull will accept our token of appreciation . . . the dedication of our yearbook.

Mr. Ross, *Principal*

ADMINISTRATION AND OFFICE

That Roslyn High School functions smoothly is the result of the work of our principal, Mr. Ross, and his assistant Mr. Canosa. In spite of his many administrative duties, Mr. Ross finds time to take personal interest in his students. His presence is always felt and appreciated at every one of our school functions.

Mr. Canosa, our principal's right hand man, ably performs his difficult job with dignity, diplomacy, and an occasional touch of humor. The leadership shown and the example set by these two men will be undoubtedly reflected in the lives of Roslyn students for many years after graduation.

Not to be forgotten is the importance of the office staff in connection with the vast and complex activities of Roslyn High School. The staff not only serves as an indispensable aid to our principal, but is invaluable to the faculty and students as well.

FACULTY

ENGLISH

Mr. Wandmacher eloquently reading scenes from Macbeth to his attentive Junior English Class.

The Romans knew their Latin; the Greeks knew their Greek, and Roslyn High School will teach its students the art of English before they complete their four years of schooling. To the delight of both teacher and student, the great realm of poetry is opened, and the famous Greek and Roman classics are read, broadening our knowledge and increasing our enthusiasm for more work in these fields.

CITIZENSHIP EDUCATION

Did the Greek gods play any part in history? Have they contributed anything to the modern day? After four years of citizenship education under Roslyn's capable history department our questions are answered. But there are always new problems to be dealt with, as the world of the past, the present, and the future are opened before our very eyes.

No longer able to toast the largest state in the Union, Mr. Howard teaches American History to an animated class.

MATH

Whose mathematical formula checked the ways of the stars in the heavens? How did π come into use? The Greeks developed the formulas but it is our Math department that makes good use of them.

E. Meagher

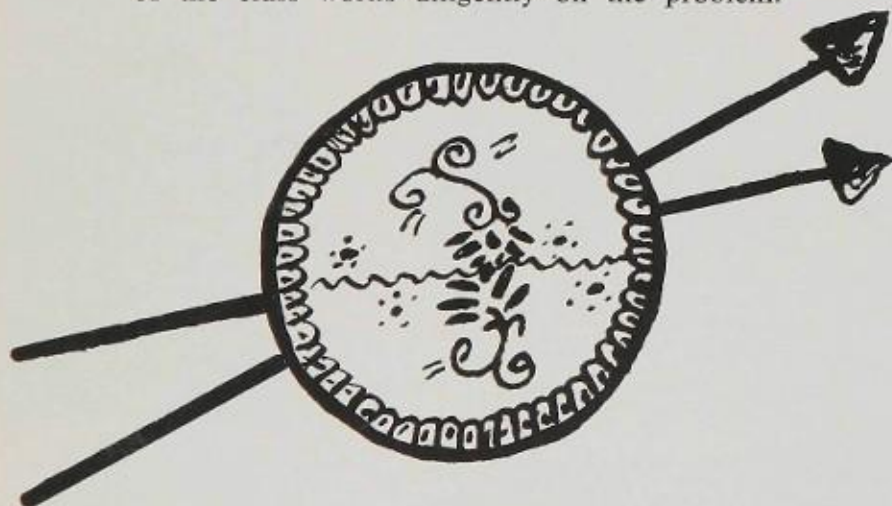

Mrs. Mercer clarifies a point, while the rest of the class works diligently on the problem.

BUSINESS

The coin, a means of exchange, is well known to the student of the business department at Roslyn. But do they know who invented this ingenious method which replaced barter? Again we thank the immortal Romans for giving us a system which makes our business students' work easier.

Even the military might of the Romans had to accept the superiority of Greek culture. These cultural values have not been dimmed by time. In Roslyn we appreciate the need for culture, as shown by the number of students participating in our varied music and art courses. From guitar to chorus, from basic art to advanced studies, our versatile music and art teachers provide us with a sense of appreciation of music and art.

The gods on Mount Olympus would look with awe on the man-made satellites which now orbit the earth. Roslyn's science teachers have given to their students all the knowledge from the primitive science of the ancient Greeks to the modern principles of space travel. There is no limit to what our students may accomplish in future years. The gods had best look to their laurels!

PROPHECY

This is the year 1970 B.C. The Class of 1960 is holding its per annum reunion in the R.C.P. amphi-theatre sponsored by Lucius Fordus Chariot Dealers. Our roving M.C., Fredius Damskius is now interviewing some of our former graduates:

Susan R. of Troy just ran off with George K., alias Paris.

Our 1960 agile cheerleaders Johnus Magnus, Jocus Principus, Rogero Kellero, Jeffo Nemero, Paulus Guglielminus, and Stuo Shermanius have just signed up with the Roman All-Stars to cheer at the Circus Maximus.

Axel Minimus has been declared Public Enemy No. 1 after the fatal slaying of George Justus, honorary member of the Senate. Alan Weinsteinius, Scotius Feldo, Ella Proznus, Eugenius Meyerus, and Clara Weinsteinio, chief magistrates, are hot on his toga trail.

Francia Andresenibus and Jana Allanius have just completed the Februarius issue of Madus Comicus Bookerinius.

Nanca Eilo, consul of the G.A.A., has just sent out Patia Rizonius, Earlia Lowo, Betsio Crumus, and Hendria Morelo as testers of the physical fitness of the female population of the Roman Empire.

Waltus Winchelus has just reported this juicy bit of gossip—Penny and Sandy Romulus were seen at the Storkus Clubus with Steve and Bob Remus.

Some former members of Roslyn's Rocket Club including Mikus Siegelo, Johnus Habio, Royus Furmus, Ricardo Gilbertus, and Normanus Stolla have just perfected, among the crowds at the Colosseum, the sling-shot.

Some former members of the The Den of Iniquiti have just been awarded honorary degrees in the Roman Chapter. Among them are Jackia Renko, Mata Grecus, Bertae Epstae, Sallia Smitius, Maria Mayerus, and Carolinia Beckus.

Former members of R.H.S. newspaper delivery service—Bonnia Trabishius, Nanca Moorino, Linda Cuttlus, Betha Sepus, and Juno Goldsteinus—have the concession rights to sell circulars in the Circus Maximus . . .

Marianna Entrupio and Elaina Demus are serving coffee and donuts among the crowds at the Forum.

Joeio DeHoustus is writing his 1,000th persuasive speech to give his parents on the qualities of a foreign chariot—"Triumph" style.

Rishardo Turenus is still trying to perfect "Jack the Knife" over the intercom system, or he'll be thrown to the lions.

Audrio Finkio has just shortened her toga above her knees, to the shock of the Roman Empire.

Sandio Rosio has acquired a life time pass from Mr. Canosus to the Roman Baths.

Richardo Fuchio, Georgio Koplinio, Susana Bermus, Joana Radamus, and Heloiseio Consolus are the Latin scholars of the Roman Empire, making daily speeches at the Forum on the qualities of the Illiad and the Odyssey.

Susana Belinkus and Elaina Simio are serenading the lions at the Colosseum.

Stuio Schneckus and Jeffio Shendelio are competing for the lead role in the "Thin Man" series which is to be shown at your neighborhood amphitheatres.

Larrio Axelus, Mikus Radashio, Jimio Robinsonius, Jerrio Sunshinio, and Georgeio Linckus have decided to replace their own feet with rubber feet, reason—they've worn out too many pairs of sneakers playing basketball for the past 17 years.

Richardo Schwartzio has become the President of Pin Heads, Inc. for better bowling equipment.

Gerrio Longspaughio has had lounging chairs installed in all classrooms.

"What me work" has become the slogan of Rogerio Schaeferio, goal—superintendent of Roman schools.

Carola Wollochus, Garyna Landisio, and Nanca Goldbergus have cut off their ears, goals—to be Van Goughs and they need more red paint.

"They said it couldn't be done," but Stevio Ferngrenio is actually working . . . something about being an agent for the Miss Rome contest.

Stuio Speigalio is manager of "Roman Togs" which rents toga tuxedos . . .

Roslyn's Harriers, perennially undefeated in dual meets, again were undefeated for the fifth successive year. For the second time, in as many years, they also copped the Section B North Shore Athletic League (NSAL) championship and competed in the state meet. Jim McCann and Richard Rumsey placed first and second respectively in the Section meet, a feat rarely accomplished. With most of the top material remaining on the team, Coach Albertson sees continued triumphs next year.

FOOT

Fullback through the middle, R. Hiller hands off to fullback, Tom Young, as Winnie Evans executes fake.

The 1959 football season saw Roslyn harness its largest squad in recent years. Spearheaded by the all-scholastic play of Winfield Evans and the continued able coaching of Mssrs. Croghan, Sondericker, and Patterson the Hilltoppers ran up a respectable 3-4 record against a more able and experienced new league. With many sophomores and juniors returning next year, the coaches and student body expect the team to reach new heights.

Anxious moment . . . Coach Croghan surveys action as bench yells encouragement.

Roslyn touchdown ahead! Winnie Evans dashes for goal as Mike Radash runs perfect interference.

High scorers were Mike Crichton and Mike Radasch. The most consistant performers were George Achritelli, Jim Robinson, Dale Terrill, Howie Cion, and Steve Dichter.

The highlight of the year was our team's victory over Manhasset, played at Manhasset. The final score was 65-57, giving Roslyn the right to participate in the county playoffs.

Mr. Horn has high hopes for the all-senior golf team this year. Headed by the low scoring of Ron Duchnowski and Ralph Lerner, the team practices at the Engineers Golf Club. The team may even have an opportunity to practice at the Sam Snead indoor golf course.

G. A. A.

For those girls who have chosen to spend much of their time in girls' sports after school, Roslyn has a type of sports honor society. Our Girls' Athletic Association is for girls who have qualified by participating in no less than three sports.

Through the able leadership of its officers Sports Nite, the highlight of the girls' sports year, and the final G.A.A. banquet is arranged. This is not including the hosting done by these three girls when other schools visit competition meets.

That ain't hay, brother—

The after-school activities girls participate in are not only for their own amusement, but are a means of deepening their interests and abilities. Modern Dance does both. Dancing, such as these girls exhibit, demonstrates the creativeness, grace and coordination useful to any young lady.

"... so she has 300 in her 10th frame."

BOWLING

Wednesday afternoon to those girls out for bowling means an afternoon of real fun! At the Roslyn Bowling Alley, a good time and high bowling scores mix well. The girls seem to have a knack for making strikes and easily picking up spares to raise scores and spirits even higher.

There they go!!!!

Penny and Toni—Gee, that's great!!!

BASKETBALL

Hold on to it, Bonnie!

Make it, Wendy!

Heads up!

To the boys, our game of basketball is unfathomable; girls' rules are *quite* different from those used by boys! But Roslyn girls support our basketball games and enjoy playing as well as being spectators. Our girl teams are good, not only in play against each other, but in competition with other schools.

Get it, Sue!

"Altogether now, 1—2—3"

She'll make this one!

HOCKEY

Around Roslyn's hockey field, it's best to guard your shins against low-flying hockey pucks and hockey sticks. Our hockey teams, under the expert supervision of Miss Hamel, have shown their valor in winning competitions. Against such schools as North Shore, we showed our prowess, and proved it again by placing second in a scheduled playday with several other schools.

All Set!

Here comes Patty—

Hendra Morel literally flips over trampoline!

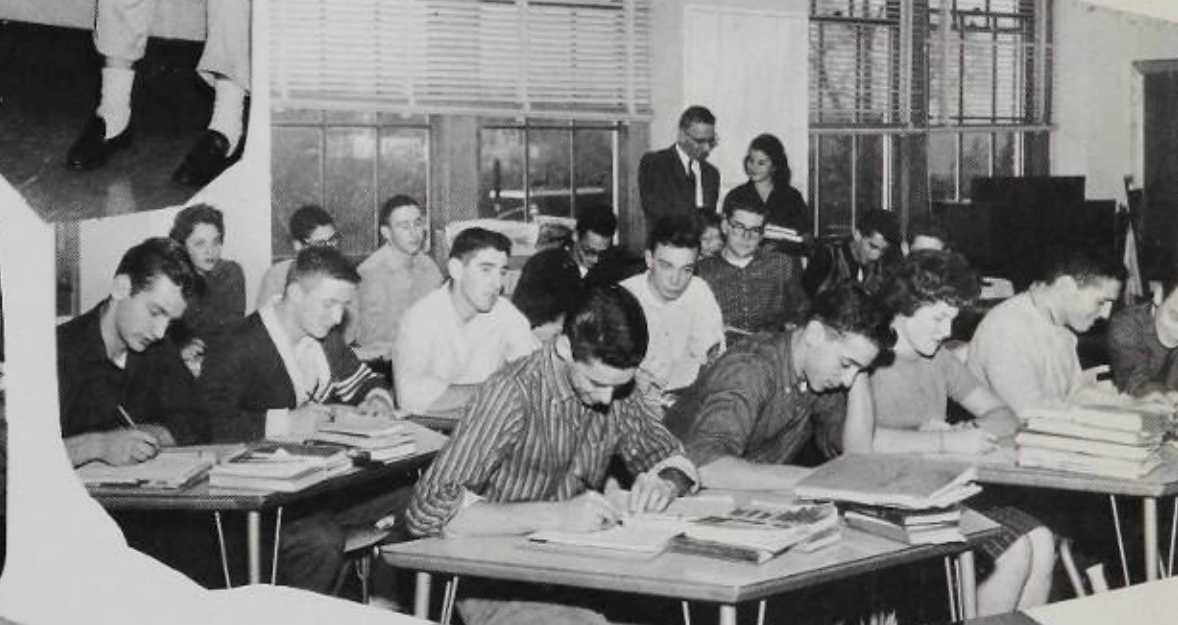

Trampoline and hi-jump are arts to be accomplished by the perserverance and skill of the individual. The sturdy athletes who achieve success at these sports should receive great credit. Roslyn is fortunate in having facilities that give all a chance to participate in these two unique activities.
